## To the Citizens of Whitefield.

---

We respectfully submit the annual report of the Town of Whitefield for the year ending February 15th, 1907.

**Highways:**— As will be seen by the report the cost of maintaining our roads the past year has been largely in excess of the appropriation. The first added expense was in constructing the new Mountain View Road; then many of our bridges were found to be in bad condition, and had to be repaired. Owing to storms during the summer many washouts occurred, and, in some cases, roads that had but recently been repaired, had to be built over at extra expense.

**Macadamized Roads:**—The top of Lancaster hill has been cut away four feet thus greatly reducing the grade, and the entire length from the Maine Central crossing to Prospect street thoroughly macadamized, the entire distance being over twelve-hundred feet.

The Fletcher bog has been thoroughly drained, filled with gravel a distance of nine-hundred feet, and macadamized its entire length this road, which has been almost impassible at times in the past, is in the best of order, and will require no further outlay for a long time to come.

Respectfully submitted.

JOHN N. BURNS,	}	Selectmen of Whitefield.
